

Technical drawing of a panel layout, likely a control panel or display unit, showing dimensions and component placement.

Dimensions:

- Overall width: 1200
- Overall height: 1080
- Internal height (excluding top and bottom margins): 1030

Component Placement:

- Top Section:** A small rectangular component is located in the top left corner.
- Second Section:** A larger rectangular component is located in the second row from the top.
- Third Section:** A long, narrow component is located in the third row from the top.
- Fourth Section:** A long, narrow component is located in the fourth row from the top.
- Fifth Section:** A long, narrow component is located in the fifth row from the top.
- Sixth Section:** A long, narrow component is located in the sixth row from the top.
- Seventh Section:** A long, narrow component is located in the seventh row from the top.
- Eighth Section:** A long, narrow component is located in the eighth row from the top.
- Ninth Section:** A long, narrow component is located in the ninth row from the top.
- Tenth Section:** A long, narrow component is located in the tenth row from the top.

The drawing includes a grid of 10 rows and 3 columns. The components are placed in the first two columns, with the third column being empty. The components are arranged in a vertical stack, with the top component being the smallest and the bottom component being the largest.
